Dear TPS Families,

We hope you have had a relaxing, safe, and healthy winter break. After assessing the current COVID situation, specifically within the TPS community and generally in Toronto, we have decided to resume classes **virtually** from **Wednesday, January 5th to Friday, January 7th**. All classes will be online **ONLY** in a synchronous format.

There will be **NO IN-PERSON** learning until we further reassess the situation at the end of this week.

We feel this decision will ultimately allow us a safer, healthier, and more permanent return to in-person instruction. Furthermore, as examinations are fast approaching, taking this in-person pause will allow for a greater number of our students to write their finals under good health.

Please see below for our abbreviated class times, and documents that include online protocols and Zoom instructions. To attend virtual classes students must download the Zoom client application using their TPS email (instructions are attached).
