

Welcome to Toronto Prep School Admissions

Thank you for your interest in Toronto Prep School. Our Admissions Office realizes the significance of a family's decision to consider a private school and it is our goal that our admissions process will be informative, constructive and a favourable experience.

Toronto Prep School seeks to enrol a group of diverse students. We follow an open admission policy, whereby qualified candidates are admitted without an entrance test, but rather on assessment for evidence of good character, maturity and academic motivation. The Admissions Committee evaluates each applicant on the basis of a personal interview, academic record, and teacher and community recommendations.

This booklet includes all of the documentation necessary to complete the admissions process. You will also find a prepared checklist to help you organize and complete the application forms.

If further assistance is required upon reviewing the information provided, please feel free to contact our Admissions Office at 416.545.1020.

We are pleased to learn of your interest in our school, and look forward to meeting you and your family.

Sincerely Yours,

Fouli Tsimikalis
Director of Admissions

Welcome to Toronto Prep School Admissions Process

“The search for the right school begins with the initiative to explore”

Toronto Prep School works to sustain an environment where students of diverse backgrounds learn together in an atmosphere of acceptance, respect and appreciation for each other. We are committed to developing students who are confident and responsible and exhibit the values necessary to become effective communicators, informed and productive thinkers, self-directed learners, collaborative workers, skilled information processors and problem solvers.

The Application

Our admissions process is a chance to explore. It is designed to help parents and the prospective candidate make the most informed educational decision. We strive to enable the candidate, his or her family and Toronto Prep School to learn as much as possible about each other in order to determine the suitability of our school environment for each applicant.

The journey always begins and ends with the individual candidate. The process enables your family to determine if our school is right for you, do we meet your requirements, are we conducive to your learning style, and do we offer you the opportunity to achieve your goals and ambitions, while affording our school the opportunity to discern the compatibility of each candidate with our education philosophy and expectations. We want to discover who the candidate really is, and as such, rely on a detailed application package (including teacher and community referrals, school reports, a parent statement, and a candidate's statement) and an interview rather than writing an SSAT or entrance test.

Once a completed application is received, the Director of Admissions will contact the candidate's parents via email or telephone to arrange an interview.

The Interview

The interview is at the heart of the evaluation process for all parties and will include both the candidate and the parents. The dialogue is a cooperative discussion where the candidate is able to communicate their aspirations, needs and wants, passions, talents, attitudes and values. The parents are able to ascertain the role our school will play in their child's development including curriculum and support programs, and our school will evaluate the candidate's academic motivation, personality, character, interests, and how he/she learns. Through the application and interview process we will endeavour to evaluate if the candidate and our school are a compatible fit.

The goal of TPS is to find those students who best fit with our program and values. Students are not chosen merely by their academic qualifications, though these, of course, play an important part in any decision. We are looking for students who want to be a part of our dynamic community, who are concerned about the wider society and are willing to share their talents and improve their skills. We stress the importance of extra-curricular activities and place effort and character above all.

The Decision

Admissions decisions are made by the Admissions Committee. The committee is comprised of the Director of Admissions, the Principal, and three senior Faculty members. The Admissions Committee reviews all applications immediately following the interview process and determines if there is a need for further information or documentation. The Committee will make a final decision within three days of the completion of the interview process. Parents will be contacted via email and a letter will be mailed to inform the candidate whether they have been accepted, wait listed or declined.

If a candidate is accepted, an acceptance offer and a registration package will be issued.

If a candidate is wait listed, he or she will be notified only if space becomes available.

If a candidate is declined, no further review will take place. The candidate is welcome to reapply for the following school year.

Registration

Acceptance of the offer is acknowledged by submitting the completed registration forms and the registration fee which guarantees your space at TPS. Upon completion of the registration process, a meeting will be scheduled for the student and parents with the Principal, Vice Principal, or Guidance Counsellor for course selection. A brief overview of the courses offered can be found on the course offering pages of this booklet.

Application Instructions

This booklet contains all of the forms and information required to complete the application process.

Fee Schedule

Tuition

The tuition fee for the upcoming academic year is included in this package for both full-time and part-time students. It covers participation in the comprehensive school programme which includes:

- the most recent MacBook laptop with education specific software package and extended warranty
- GoodLife Fitness membership
- School Yearbook
- Deluxe school photo package
- English journal
- Athletic associations fees
- Extended after school and Saturday Club study programs

Exceptional instructional materials, overnight or day trips, gym uniforms, and other optional charges such as TPS store purchases are not included in the tuition fee and will be billed accordingly. Parents are also responsible for purchasing school supplies such as stationary and textbooks.

Payment schedules for full-time, part-time, and single semester students as well as sibling discounts are included in this package and in the registration package. There are two payment plans for full-time students including a single payment discount plan, and a standard payment plan. Payment options include direct deposit, credit card or post-dated cheques.

Registration Fee

All new students are required to pay a non-refundable registration fee of \$3,500 upon acceptance of the offer of admission. This fee will be applied to the year's tuition.

The remainder of the tuition is to be paid based on the agreed upon payment schedule selected by each family.

MacBook Laptops

All students will receive their MacBook laptop the last week of August. Toronto Prep School will provide basic technical support. With proper maintenance and care the laptop is expected to meet the student's computer requirements until graduation.

Fundraising and Parent Support

There is no compulsory donation or capital fund payments. Rather all parents are encouraged to partner with us as volunteers and donors in support of our annual charity drive. Each year TPS and students will select a charity to support and participate in ongoing events throughout the school year. We appreciate any support parents wish to extend to altruistic endeavours.
